

PROSPECT+

Capacity building for cities and regions - from learning to action!

**How to choose the best way forward?
The benefits of getting involved in PROSPECT+ as mentors, mentees
and participants of the Community of Practice.**

Jana Cicmanova

The PROSPECT+ project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101023271

Benefits?

PROSPECT+
Capacity-Building Programme

PROSPECT+

Why become a mentor?

Showcase achievements of your city or region at European level

Improve your mentoring and leadership skills

Get additional feedback on your projects by confronting your experience with peers working on the same issue

See things from a different angle and reflect on future challenges

Have the chance of participating in further study visits organised by other mentors

Why become a mentee?

Learn from other projects implemented in Europe and apply what they learned in their own context

Get tailor-made assistance adapted to your learning objectives and needs

Confront ideas with peers, share experience and knowledge to come up with new solutions

Get direct access to a network of cities, regions, and energy agencies facing similar challenges

GET INVOLVED NOW

The PROSPECT+ project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101023271.

Get involved!

Link to follow: <https://www.h2020prospect.eu/get-involved>

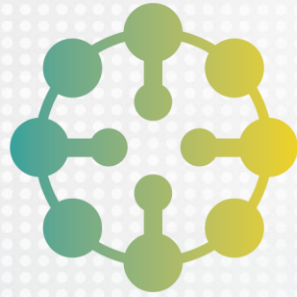

- **Dates of the upcoming learning cycles:**
 - February 2022
 - November 2022
 - August 2023
 - May 2024
- **Calls for applications** (guidelines for applicants, application forms)
- **Expression of interest to join the Community of Practice**

What can you learn in the first learning cycle?

* Public buildings: Energy Performance Contracting (working with ESCOs)	<input type="radio"/>	<input type="radio"/>
* Public buildings: Renewable energy production, with self-consumption and ESCO financing	<input type="radio"/>	<input type="radio"/>
* Private buildings: Energy Performance Contracting (working with ESCOs)	<input type="radio"/>	<input type="radio"/>
* Public and Private buildings: Third-party financing	<input type="radio"/>	<input type="radio"/>
* Public lighting: Energy Performance Contracting (working with ESCOs)	<input type="radio"/>	<input type="radio"/>
* Cross-sectoral: Energy Supply Contracting for renewable heat	<input type="radio"/>	<input type="radio"/>
* Cross-sectoral: Internal contracting (intracting)	<input type="radio"/>	<input type="radio"/>
* Cross sectoral: Revolving funds	<input type="radio"/>	<input type="radio"/>
* Cross-sectoral: Citizen financing (crowdfunding, energy communities)	<input type="radio"/>	<input type="radio"/>
* Transport: Local incentives in e-mobility for targeted users (taxis, last-mile delivery, services)	<input type="radio"/>	<input type="radio"/>

Mentors from: Austria, Czechia, Portugal, France, Ireland, Spain, Croatia, Bulgaria, Slovenia

PROSPECT+

Thank you!
